

## Scoring Changes – 2024

Understanding that following the 2024 rule changes, there are several requirements that scorers and time keepers, as well as coaches and team managers should be aware of. As such, we are looking to provide a guide that can be provided to clubs and their scorers for continued reference throughout the season. Please use this document as a 'how to' guide, and provide it to all persons who may be taking part in scoring.

### **Score Bench Configurations:**

The directive from AFL Barwon regarding score bench compositions is as follows:

**HOME TEAM: Official Scoresheet & Position Tracking for Home team**

**AWAY TEAM: Timer/Electronic Scoreboard & Position Tracking for away team**

We do understand that there is additional administration required at the score bench as a result of rolling changes, and as such, a third person is permitted to provide support. These configurations may appear as the following:

Example 2:

HOME TEAM: Official Scoresheet

AWAY TEAM: Timer & Electronic Scoreboard

HOME TEAM: Live Scoring & Position Tracking

All persons who participate in scoring should ensure they sign the official scoresheet to indicate they have scored the game.

### **How to Score – Pre-Game**

- Prior to the game, all players must be listed on the scoresheet. This is a requirement of the team managers to check, and can hand write a player on should they not have been printed/late change.
- The entire team list should also be copied onto the 'Position tracking' sheet for when rolling substitutions occur. This sheet intends to make position tracking simpler by providing more space for additional changes.
- First quarter positions must be listed on both the scoresheet AND position tracking sheet prior to the first whistle.
- **CLUBS ARE ENCOURAGED TO HAVE THESE SHEETS PRE-FILLED AND PRINTED OUT TO AVOID HAVING TO HANDWRITE EACH WEEK. AWAY TEAMS ENCOURAGED TO BRING THEIR OWN**
  - o the home team should still have blank copies available just in case.
- Scorers should ensure these steps are completed.

*If a player has not been written onto either sheet prior to the game commencing, they cannot take the court. If said player does take the court, the scorer should inform the umpires immediately to have the player removed from the court.*

- Penalty – goals scored for that team for the duration the player is on court are discounted.

**How to Score – During Game**

Scorers are responsible for recording:

- Goals and attempts
- Centre passes
- Warnings, suspensions and send offs

The correct procedure for scoring a game from the first whistle is:

- Record centre pass
- Record a ● for any missed shots for goalers for either team
- Record a | for any goals scored
- This should then be followed by marking off the progressive score
- Then record the next centre pass.

Centre passes should alternate between each club. The umpire at any stage may seek clarification from the score bench as to who's centre pass is next.

**How to record a rolling substitution (AFL Barwon)**

All rolling substitutions should be recorded on the position tracking sheet.

It is the responsibility of the TM to notify the score bench, or provide a 'position change slip' to the score bench. An example of this slip is included below.

It is also acceptable for changes to be recorded on a small white board and handed to the score bench to record, or for the player to verbally inform the bench prior to their rolling sub. These forms **do not** need to be submitted with match day paperwork.

Positions then need to be recorded on the 'position tracking' form. See below.

		<b>SUBSTITUTION FORM</b>						Form#
<b>MATCH</b>	<b>Round</b>		<b>Date</b>		<b>Grade</b>			
<b>CLUB</b>								
<b>Changed occurred</b>	1	1/4	2	1/2	3	3/4	4	
<b>First Name</b>	<b>Last name</b>	<b>From</b>			<b>To</b>			

If a goaler is impacted by a rolling substitution, **THE FIRST thing** that should be noted is a mark placed around the goals scored by said goaler in that period **on the official scoresheet** to indicate the change as seen to the right:

		Maldon 15 & Under	Total	Total
Q1	GS	...	2/5 3/3	7/10
	GA		2/2	
Q2	GS			
	GA			
Q3	GS			
	GA			

The goaling or other positional changes can then be updated on the position tracking sheet.

In the example to the right, Brooke Allan as 'Rolled off' and Charli Nicol has 'rolled on'. This is simply recorded by drawing a '/' before inputting the new position.

Once the game has commenced, all positional *changes* will be tracked on the 'position tracking' sheet only.

Only first quarter positions are required on the **scoresheet**.

Playing positions at the start of each quarter **AND** any changes **must** be recorded on both 'position tracking' and the official scoresheet.

The position tracking sheet **must be submitted** with the rest of the match day paperwork.
